# DWIGHT ANGELO DECENA

**Curriculum Vitae | Information Technology Specialist**

📧 **Email:** dwightangelodecena@gmail.com
📱 **Phone:** +63 977 346 4090
📍 **Address:** General Trias, Cavite 4107, Philippines
💻 **GitHub:** github.com/dwightangelodecena-cloud

## ACADEMIC & PROFESSIONAL STATEMENT

Graduating 4th-year Bachelor of Science in Information Technology student specializing in Mobile and Web Application Development at National University Dasmariñas. Possesses comprehensive technical training in full-stack web architectures, cross-platform mobile development, and relational/cloud database operations. Seeking a high-impact On-the-Job Training (OJT) / Internship placement with opportunities for compensation and full-time career transition upon graduation.

## EDUCATION

**Bachelor of Science in Information Technology** — **August 2023 – Present**
Specialization: Mobile and Web Application Development
National University Dasmariñas — Governor's Drive, Sampaloc 1, Dasmariñas, Cavite

- **Status:** 4th Year Senior Student (Enrolled in On-the-Job Training / Internship Practicum)
- **Core Focus:** Software Engineering, Mobile Architecture, Database Management, Enterprise Systems

## CERTIFICATIONS & CREDENTIALS

**IT Specialist - Database Systems** — **Valid: Sep 2025 – Sep 2030**
Certiport / Pearson VUE Credential Validation — Certified Professional

## TECHNICAL COMPETENCY MATRIX

| | |
|---|---|
| **Mobile Engineering** | Flutter, Dart, React Native, Android Studio, Cross-Platform Deployment |
| **Web Engineering** | React, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS |
| **Backend & Cloud** | Supabase Services, RESTful APIs, Node.js environment basics |
| **Database Administration** | MySQL, SQL Query Optimization, Database Schema Architecture |
| **Version Control & DevOps** | Git, GitHub, Vercel Deployment, VS Code Environment |

## FEATURED SOFTWARE ENGINEERING PROJECTS

**Bridges of Hope — Capstone Project**
bridgesofhope-delta.vercel.app
Lead Application Developer | Tech Stack: Flutter, Supabase, TypeScript, Tailwind CSS

- Designed and executed a full-stack platform serving community engagement and resource management needs.
- Engineered real-time cloud data pipelines, user session control, and database triggers utilizing Supabase.
- Delivered optimized cross-platform interfaces adhering to responsive mobile and desktop standards.

## FEATURED SOFTWARE ENGINEERING PROJECTS (CONTINUED)

**Rhayz Kicks — Web Application**
rhayz-kicks.vercel.app
Frontend Developer | Tech Stack: React, JavaScript, CSS3, Vercel

- Built a web application with dynamic product rendering and responsive page layouts.
- Structured client-side state handling to ensure clean user experience across varying screen viewports.
- Managed cloud deployment workflows via GitHub continuous integration and Vercel hosting.

## RELEVANT ACADEMIC COURSEWORK & TRAINING

**Mobile & Web Systems**
Cross-Platform Application Development, Frontend Frameworks, UI/UX Principles

**Database Administration**
Relational Database Design, SQL Querying, Data Security & Normalization

**Software Engineering**
System Analysis & Design, Software Development Life Cycle (SDLC), Agile Methods

**Networking & Security**
Fundamentals of Computer Networks, Virtualization, System Troubleshooting

## PROFESSIONAL COMPETENCIES & SOFT SKILLS

- **Analytical Problem Solving:** Efficient debugging and root-cause code analysis.
- **Team Collaboration:** Agile development practices and version-controlled teamwork.
- **Technical Documentation:** System architecture mapping and API documentation.
- **Adaptability:** Rapid learning of new frameworks, APIs, and development tools.
